The way to buy THE BEST

FOR THE MONEY, is to buy at the Office. It saves expense of commission and expense in traveling from house to house.—You can just as well save above expenses as you can in buying your dry goods.

When you buy a Domesticor New Home you get the best. All other makes called New High Arm machines are imitations and none are their peers. The Domestiand New Home have new atyles of woods work, and new sets of Attachments that others dare not use. Come and see for yourselves and you will be convinced that the above is reliable, and if you have a Domestic or New Home that has been in use from 10 to 20 years do not let them humbur you with their se-called new high arm machines, and trade you out of it, which they will try to do, but bring your machines to me and I will put in the new Domestic or New Home Improvements, then you will have a better machine and one that will last longer than the high arm imitation ones, and save your money and have the best machine in the world.
